

# The Sea Park

A 'Let's Read Together!' Book

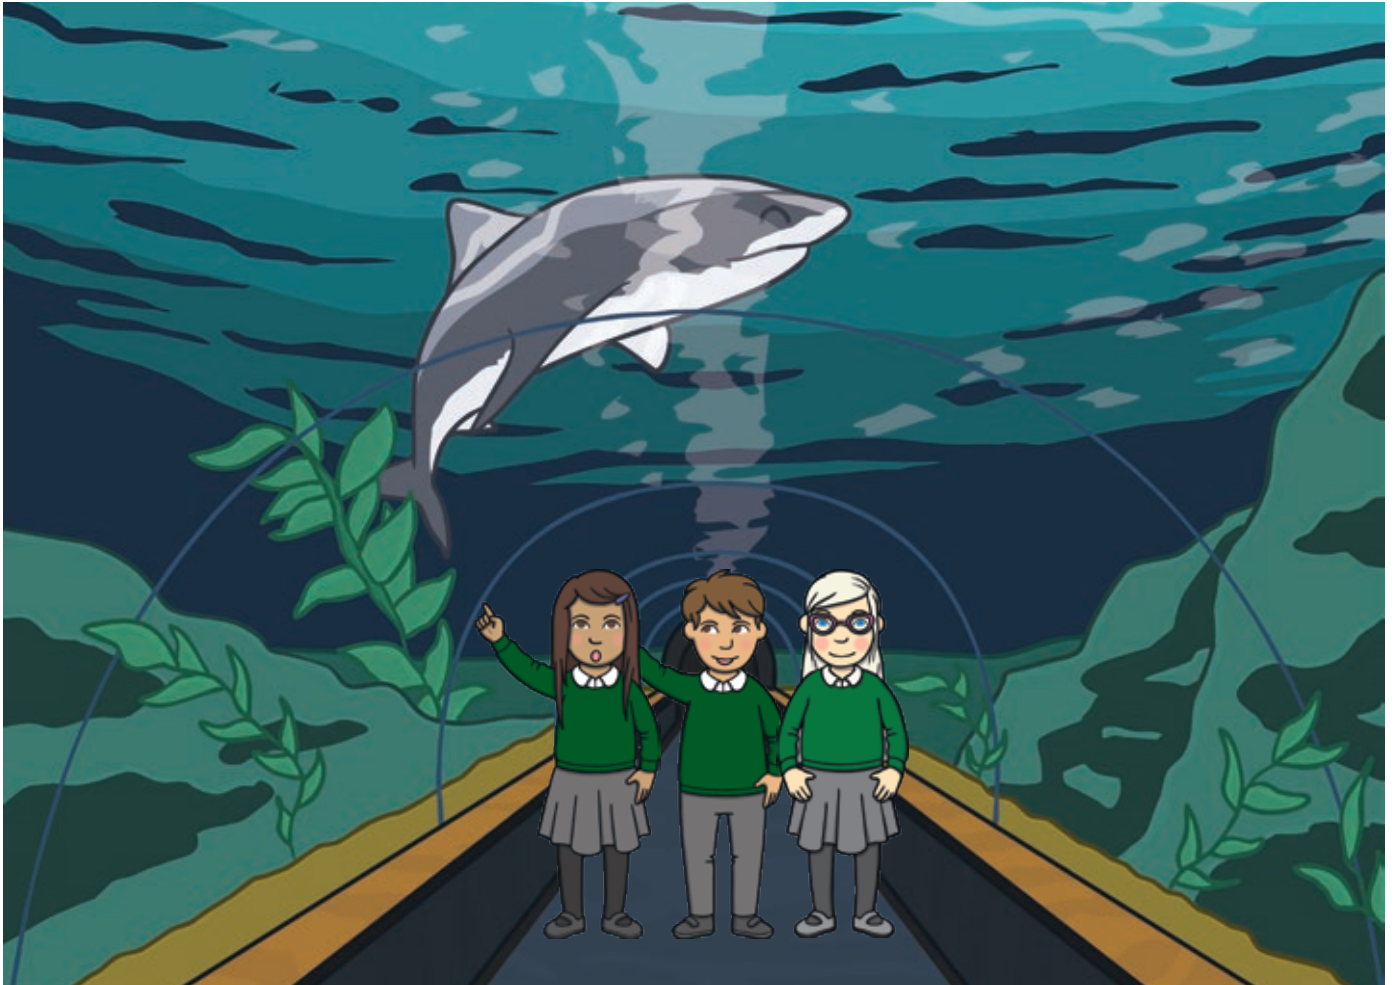

We went on a coach to the  
Sea Park.

The leader greeted us.

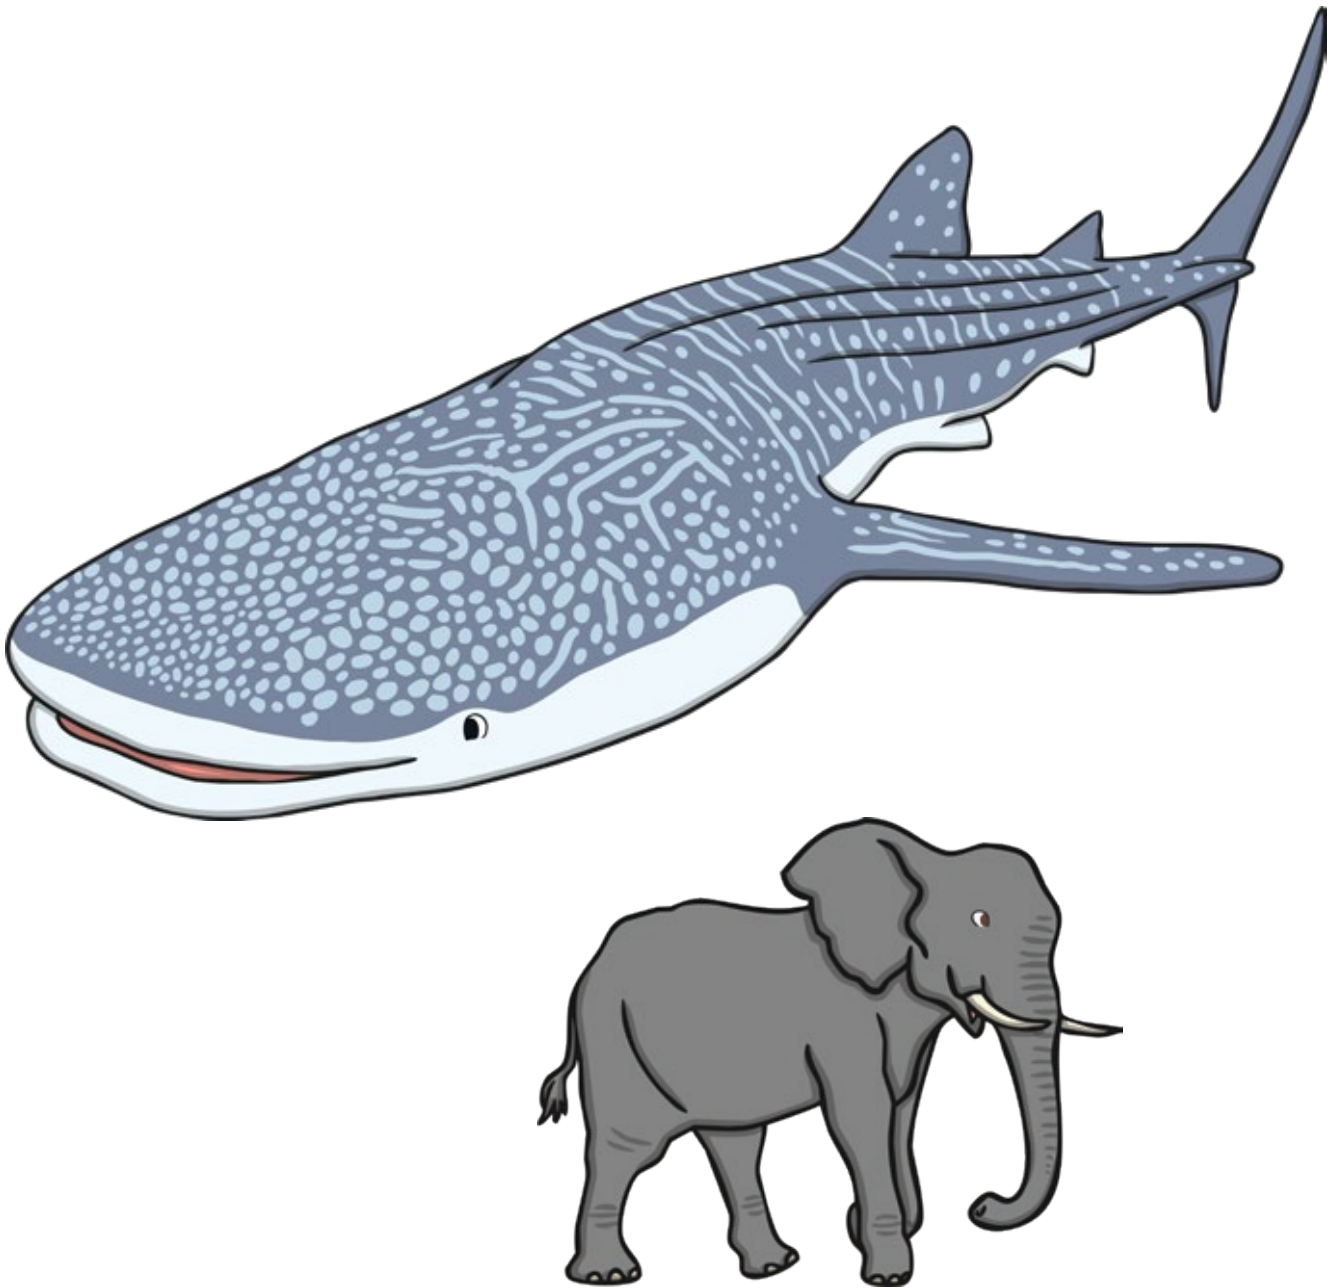

We had a look at some animals from the sea with flippers and beaks. They were eating fish and squid.

Then, we went to see the sharks.  
They had lots of teeth.

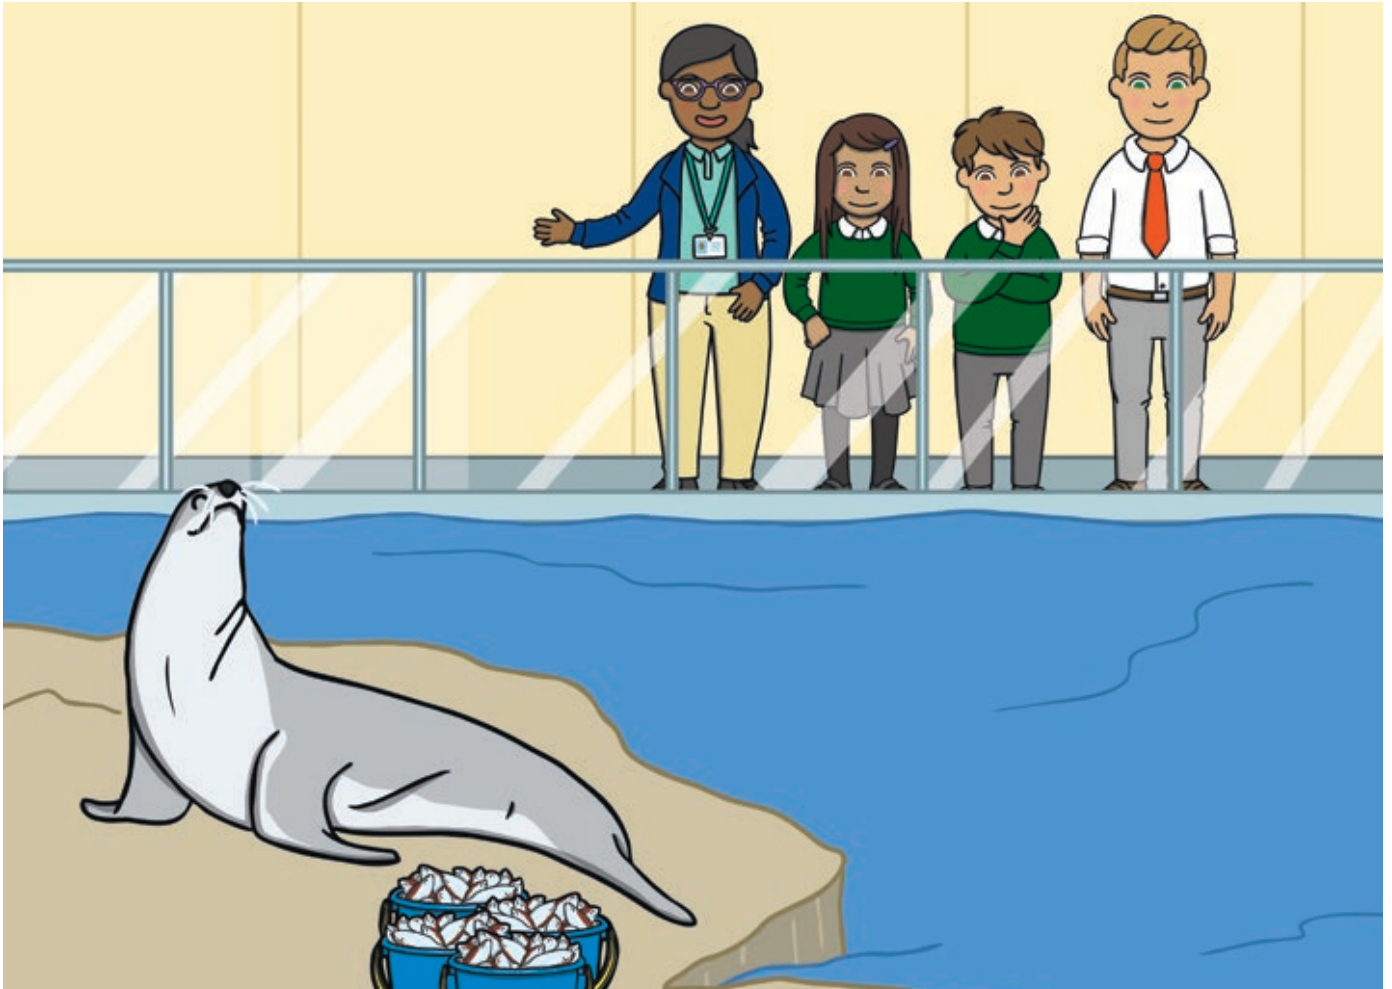

The sharks were so big!

Some sharks are bigger than some  
zoo animals!

Next, we got to see some seals  
and a pup.

A pup is a little seal.

We met the three adult seals. This one is Chelsea!

They were all eating fish for lunch.
