

## Mrs Madden's Class News

Friday 19<sup>th</sup> January 2024

The children have continued to settle in brilliantly, it's so lovely to see our new children settle and mix so well. The 'older' children have been amazing supporting them. Mrs Cadagan has thoroughly enjoyed her first couple of weeks in our class.

In class this week we have been thinking about the changes we see in Winter. We went for a woodland walk to talk about how it's changed since Autumn. The children were very observant. We talked about how the weather varies during the season. We have been able to feel first hand how cold it can get and we had fun in the snow at the start of the week.

Next week we'll be thinking about countries around the world that are always cold i.e. The Polar Regions and the animals that live there.

### Reading at home (Reception)

Please could we ask that you read with your child as regularly as possible. Please look at the Reception Phonics section on our class page on the school website. There are more reading books for the children to access. Can your child make the words from the bookmarks stuck in the reading diary using their phonics cards?

I hope you all have a lovely weekend, keep warm!

Mrs Madden 😊
