

## Mrs Madden's Class News

Friday 2<sup>nd</sup> February 2024

This week has flown by, it doesn't seem like five minutes since we embraced Victorian school life!

Mrs Hampshire has taught us how to make snow using bicarbonate of soda and hair conditioner. The children have loved making snowmen ... and snowdogs! The classroom smelt beautiful and our hands were super soft.

We had so much fun exploring the snow that we've had to postpone ice week until next week!

We got our light panel out and created some lovely transient artwork.

Mrs Boyd treated us to a maypole masterclass on Thursday morning. I'm sure you've seen how fantastic the children were following her instructions on the video on Tapestry.

Thanks to the children, I had a lovely birthday on Wednesday as they made my celebrations super special. Thank you, children for all the pictures and cards you made me.

I hope you all have a happy and safe weekend!

Mrs Madden 😊
