

Mrs Madden's Class News

Friday 11th October 2019

This Week...

- In Phonics we continued to consolidate our recognition of the sounds taught so far as well as learning 'g, o, c, k' and the tricky words 'to' and 'go'.
- In maths we practised recognising numbers, identifying the number which is one more using play dough. We have also started some Autumnal themed maths activities which we carry on next week.
- In our topic work we have been thinking about what happens inside our bodies which prompted some lovely conversations.

Next Week...

- In Phonics we will continue to consolidate all sounds taught so far as well as learning 'ck, e, u, r' and the tricky words 'no' and 'you'.
- In Literacy we will practise writing simple sentences using our phonic knowledge based on the book 'Funnybones'.
- In Maths we will continue our work on number recognition and counting skills using autumnal artefacts.

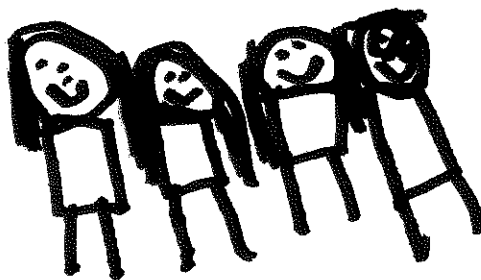

More News...

- INSET Day Friday 25th October

Have a great weekend,

Mrs Madden ☺
