

# Mrs Madden's Class News

Friday 18<sup>th</sup> October 2019

## This Week...

- In Phonics, we continued to consolidate our recognition of the sounds taught so far as well as learning 'ck, e, u, r' and the tricky words 'no' and 'you'.
- In maths we practised recognising and ordering numbers using the wooden blocks and conkers. The children tried hard to identify numbers which were one more or two more.
- In our topic work we have been thinking about our skeleton and naming some of the bones in our body.
- We also spent the latter part of the week producing the Christmas cards for the PTA initiative. I'm sure you are as thrilled as we are with how they have turned out. I speak from personal experience when I say that the cards are of a very good quality and loved by family and friends. Please order some! ☺

## Next Week...

- In Phonics we will continue to consolidate all sounds and high frequency words taught so far.
- In Literacy we will practise writing simple sentences using our phonic knowledge based on the book 'Funnybones'.
- In Maths we will add two sets together to find the total.

## More News...

- School photographs - Wednesday 23<sup>rd</sup> October
- INSET Day Friday 25<sup>th</sup> October

Have a great weekend,  
Mrs Madden ☺
