

The Rose Stone

A 'Let's Read Together!' Book

The book took Kit and Sam to visit the Enchanted Forest. They **could** see no **people** until they met a boy named Grime.

Grime had lost his sister, Shine.

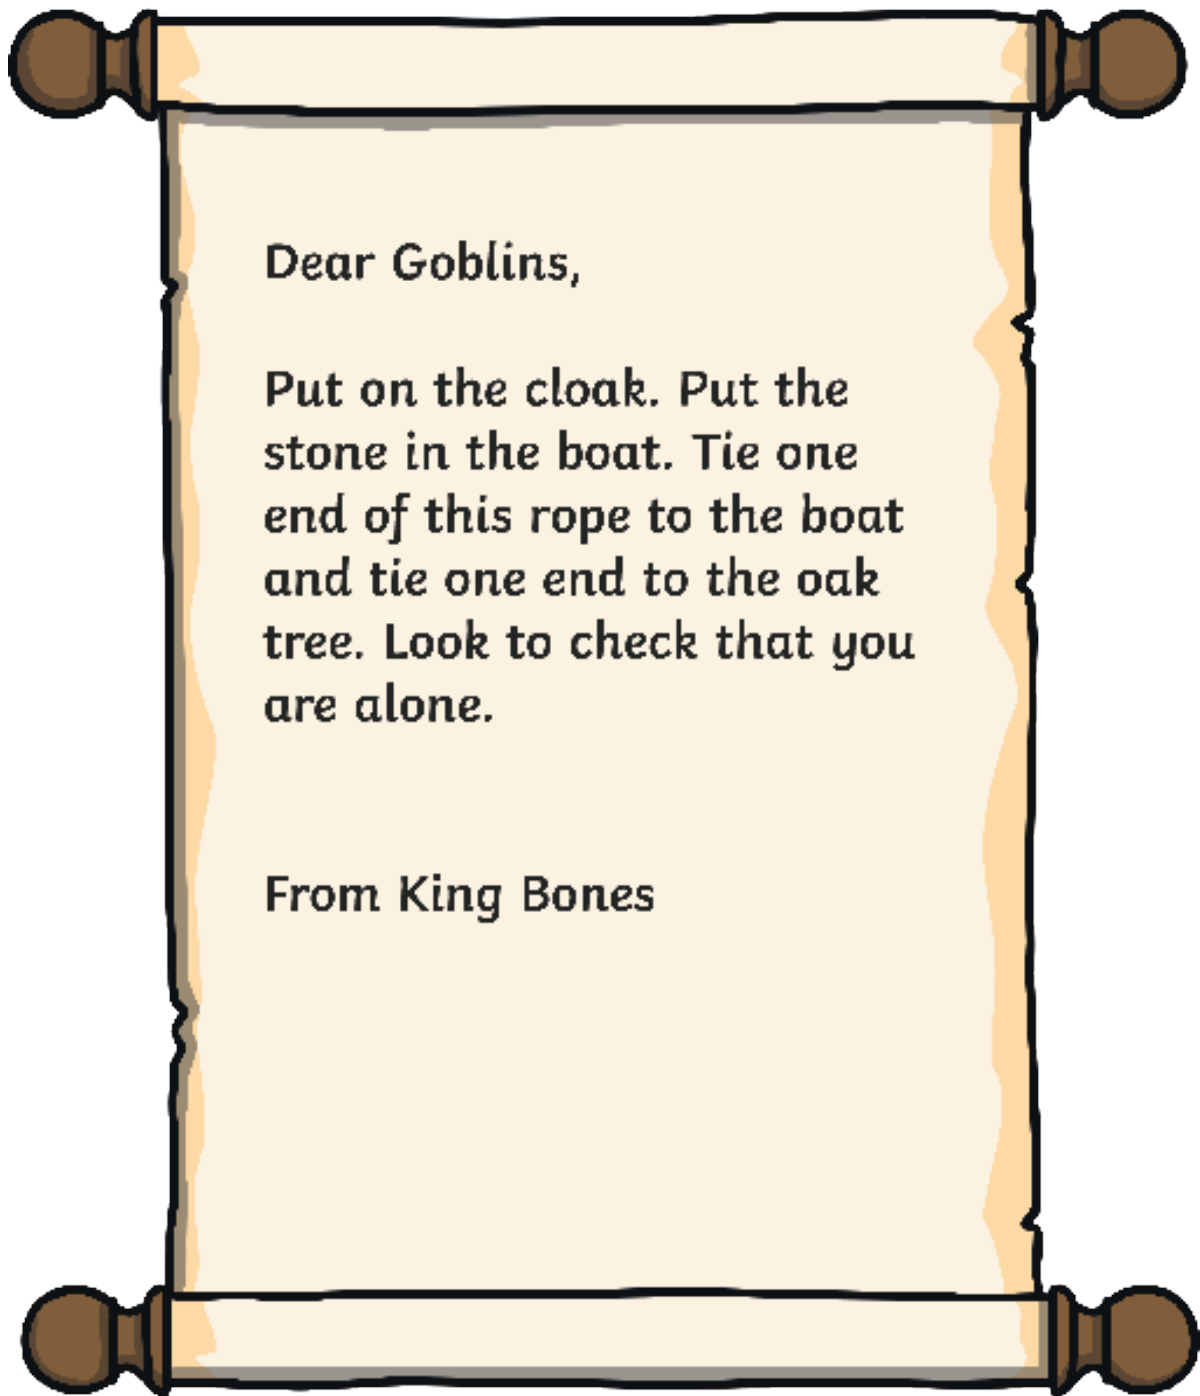

Kit, Sam and Grime had to look for her.

Shine had left a note. It said to go to Goblin Hole to help look for the Rose Stone.

There was a note from King Bones stuck to a tree. It said that a goblin **would** take the Rose Stone to his home by boat.

Dear Goblins,

Put on the cloak. Put the stone in the boat. Tie one end of this rope to the boat and tie one end to the oak tree. Look to check that you are alone.

From King Bones

Sam made a plan. They stole the note that was left in the boat and made another note.

When the goblin was asleep, they got the Rose Stone from the boat and took it home.

The Rose Stone

Join Kit and Sam as they help the fairies get the Rose Stone back from King Bones!
