

A Visit to Albert

A 'Let's Read Together!' Book

Kit and Sam had to complete a project for Mrs Tan. They went back in time to ask for help.

When they got there, Albert was in need of test tubes to complete an experiment. “Take these, I took them for the project,” said Kit, handing them to him.

Kit and Sam liked seeing the experiment. There was a big bang and lots of fumes.

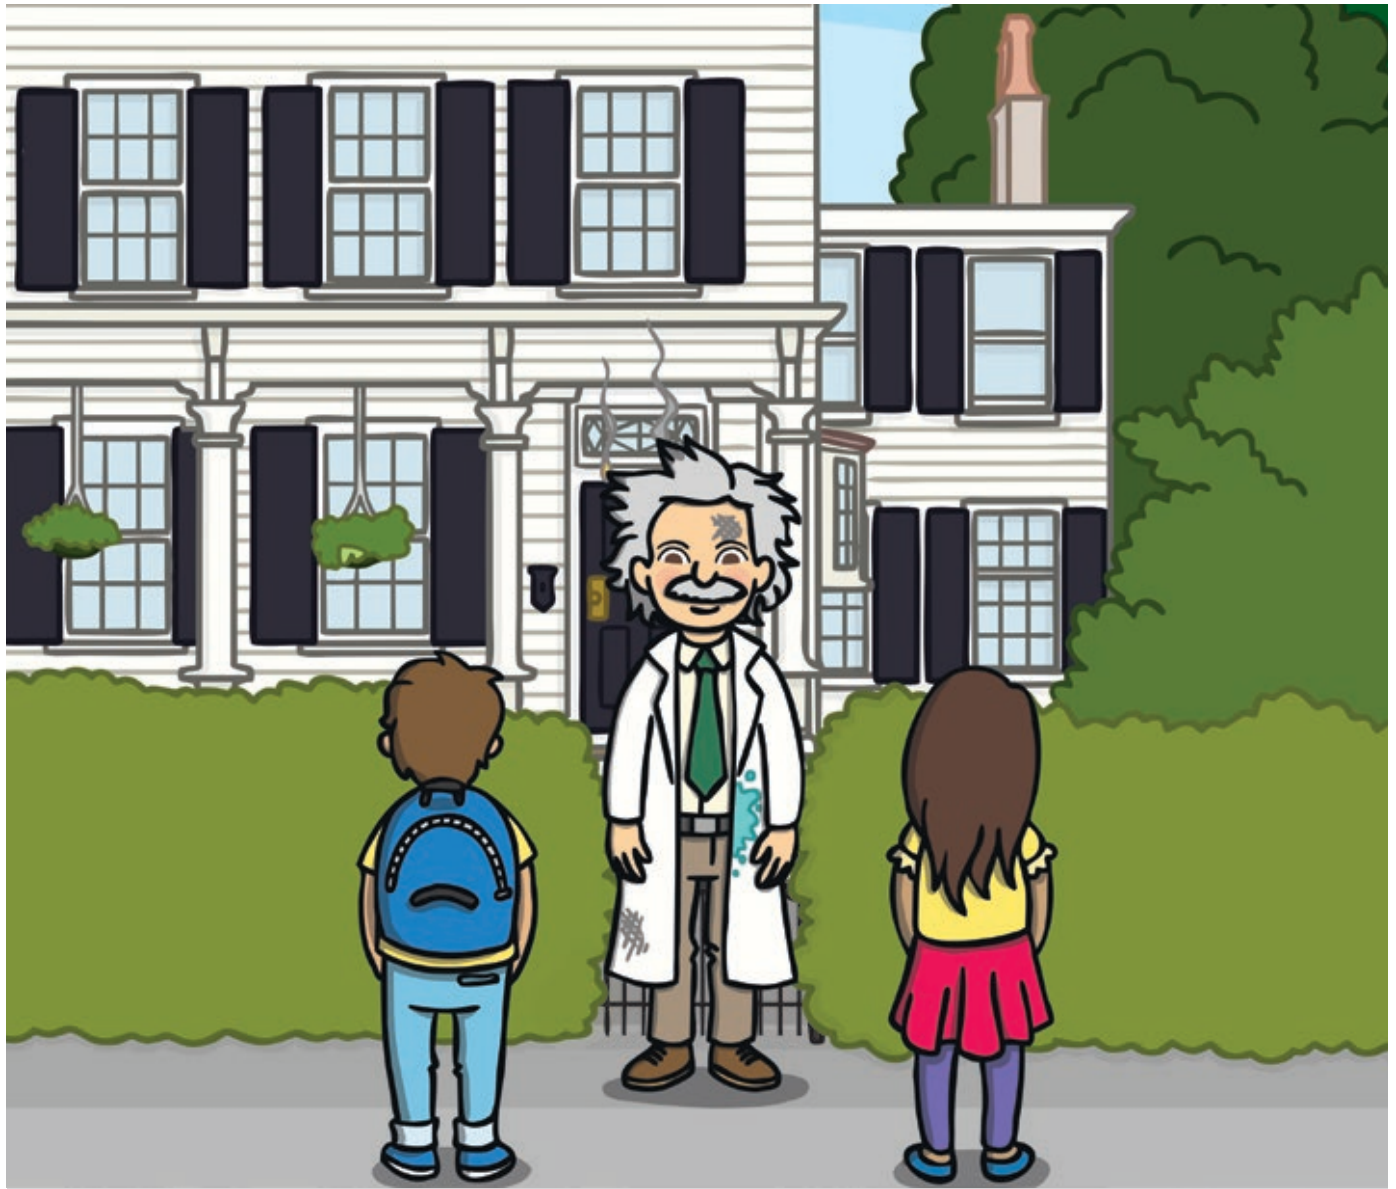

They had to think of a theme for **their** project. Albert let them look at some of his things to help. He said he was not good in class when he was little!

They came up with a plan. They would do their project on the theme of time. Albert liked this!

Albert was a big help. He even gave them a sheet on how to complete the experiment.

A Visit to Albert

Join Kit and Sam as they travel back in time
to meet Albert Einstein.
