

# Otesha and the Golden Lion

By Kit and Sam

A 'Let's Read Together!' Book

This is Otesha **who** is seven years old. Her home is in a part of Kenya **where** some amazing animals roam.

Otesha's dad is a game keeper. He looks after the wild animals and takes visitors on trips to see them in his jeep.

Here are some wild animals you can see from his jeep.

Both impalas and zebras graze on the plains all day.

You can see so much wildlife in Kenya.  
This animal is the biggest land  
mammal you can find!

Most **people** come to this part of Kenya to see wild lions.

There is one lion that the locals call 'The Golden Lion.'

Otesha seems so kind and **loves** the animals.

We **would love** to visit her town in Kenya one day!
