

Careers Week

A 'Let's Read Together!' Book

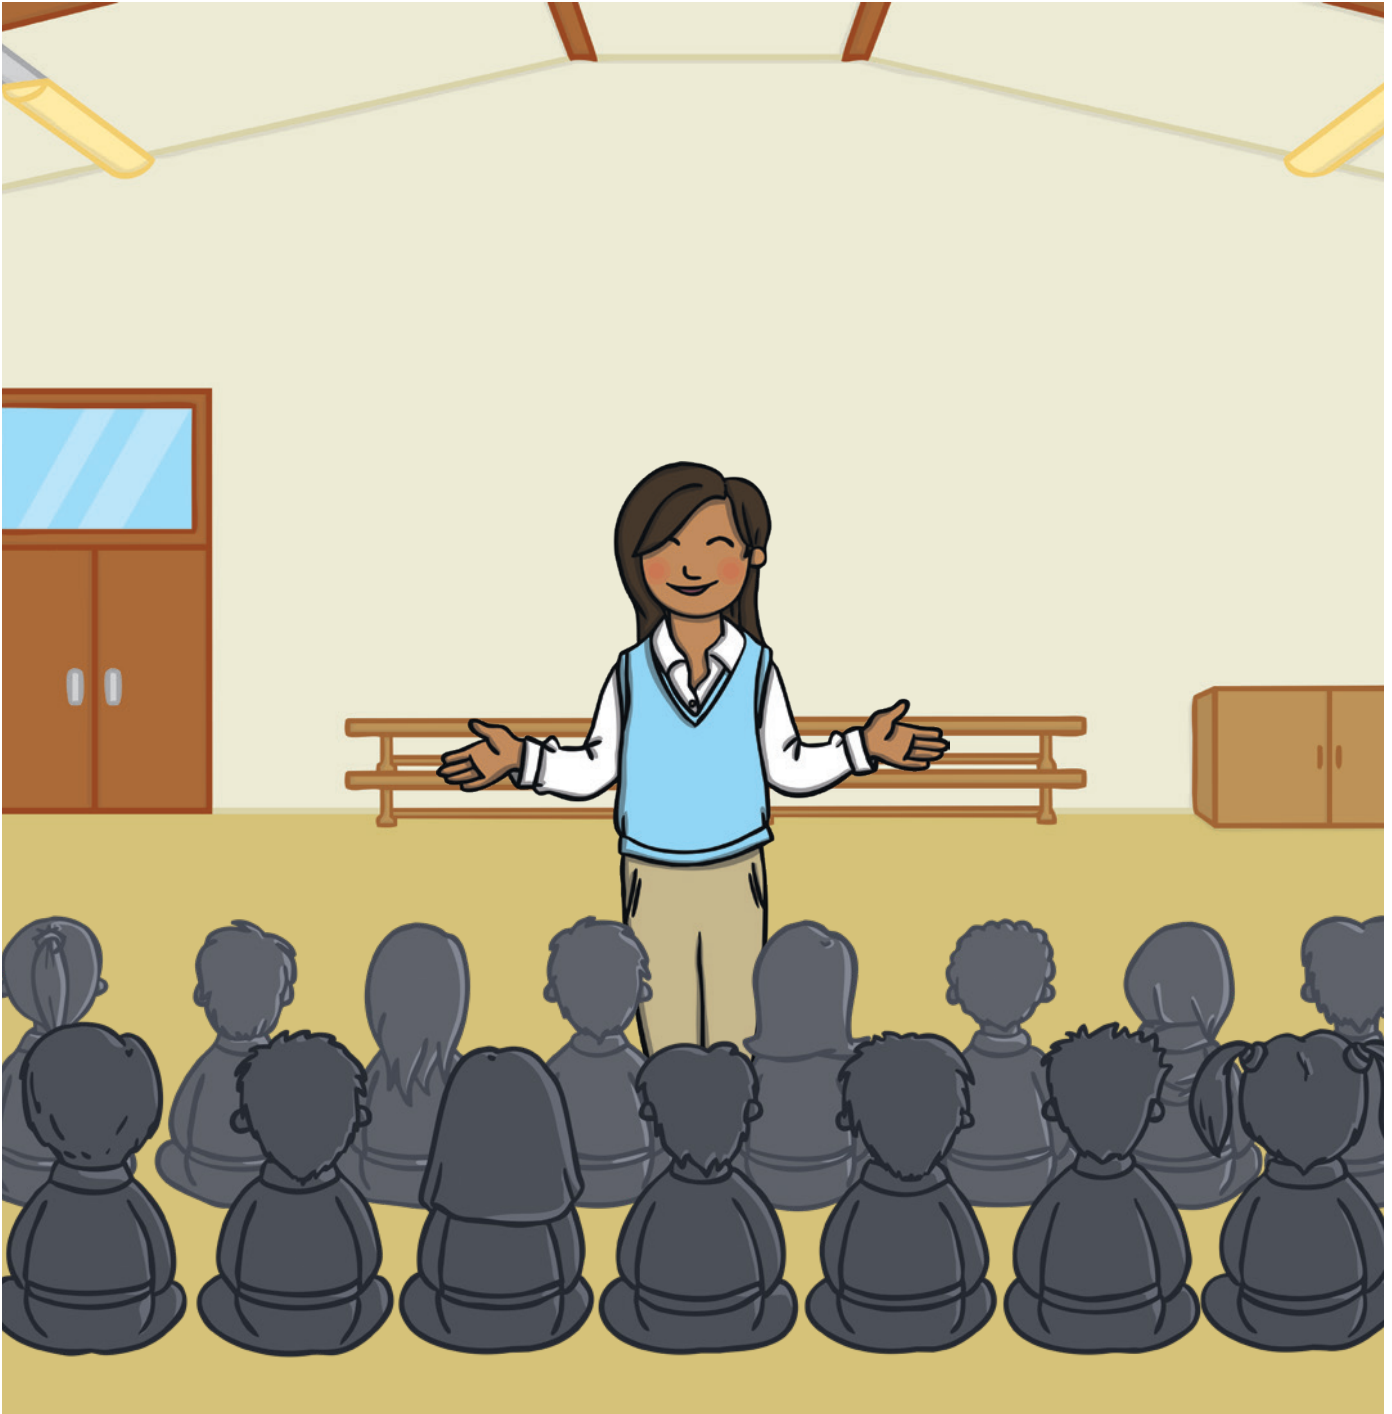

Mrs West called an assembly and told us that it was Careers Week. We listened carefully and found out what it was about.

Q1: What special week is it this week?

Q2: What was the challenge the children had to complete?

The first visitor was an engineer and she makes things out of steel. She left an engineering challenge for my whole class. We made bridges out of lolly sticks and tested them.

The next day, there was another visitor. It was Eleanor who was a puppeteer. She had a cute, fluffy meerkat puppet with her that looked real! The meerkat wasn't the only puppet Eleanor had – there were lots more too!

The following day, Gabi's Uncle Jack visits. He is a mountaineer and told us about the sheer drop on Mount Everest. The photos made my knees wobble!

Q3: What kind of puppet did Eleanor show in the assembly?

Q4: Why did Jack's pictures make Kit's knees wobble?

The last visitor was a deer-keeper, called Emma. She had one of her deer with her and told us all about her job looking after them. We had lots to ask!
