A 'Let's Read Together!' Book

After reading Hansel and Gretel in school, we chose to dress up as a witch and wizard. We used the magic book to go and find a real witch.

We found ourselves in Hansel and Gretel's house. They said that they needed our help because a witch called Patch wanted to catch them.

We found out that we had magical powers! Sam made it so that we could not be seen and Kit used his magic to tip Patch's spell all over the **floor**.

Sam worked out that some of Patch's power came from her crutch. Gretel made a plan to take her power. We got to work and dug a ditch outside Patch's **door**.

Our plan nearly worked. Patch fell into the ditch but she would not let go of her crutch. We had to work together to cast a strong spell to defeat the witch.

It worked! Patch faded away and we were all very glad. We hope we get to see Hansel and Gretel again one day.

## Patch the Witch

Join Kit and Sam as they help Hansel and Gretel.
