

# Fluff's Animal Rescue

A 'Let's Read Together!' Book

March was the school's charity month. Year 2 visited Fluff's Adoption and Rescue Centre.

Q1: Why were Year 2 visiting Fluff's Animal Rescue Centre?

---

---

There was lots of information in the reception area. Mel introduced herself and she showed us the dog kennels and the groom room.

In the groom room, the dogs were getting a bath and causing a commotion. The children entered a competition to name the dog that had just arrived.

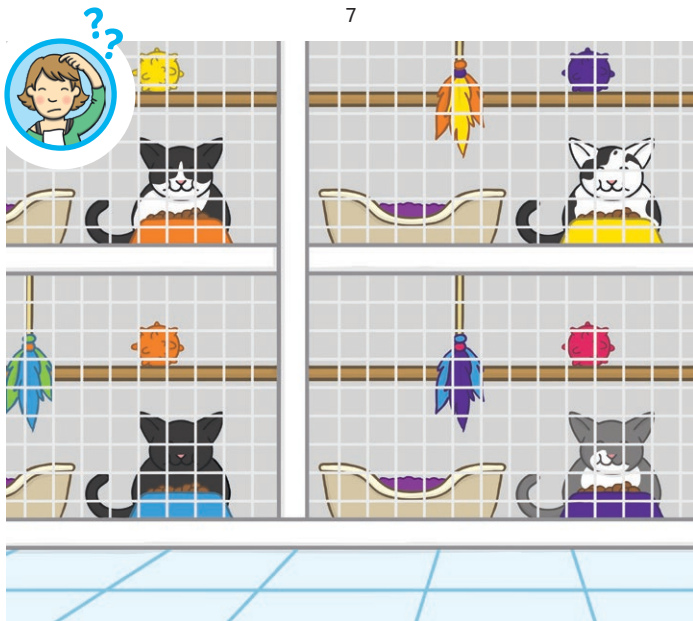

Q2: What was causing a commotion in the groom room?

---

---

Mel showed the class the accommodation for the cats. Each cat had a description next to their enclosure. We met a cat called Potion – she was pure black, like a witch’s cat.

Q3: Why did the staff name the cat Potion?

---

Q4: What did each cat have next to their enclosure?

---

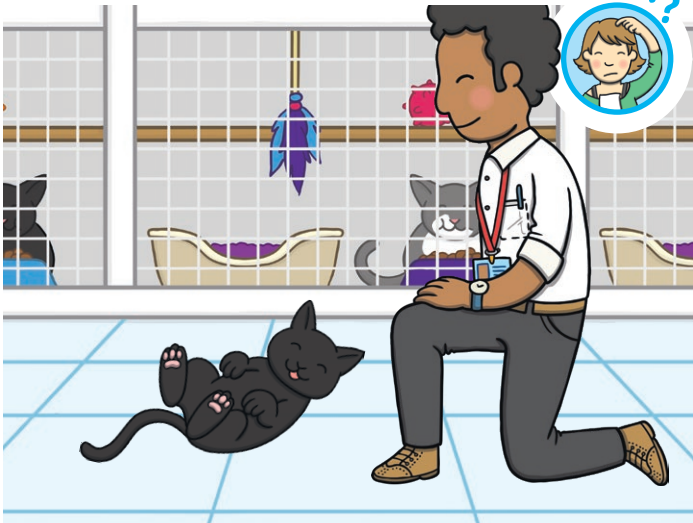

Mel told us that adopting a new pet takes a lot of consideration. The centre checks that people have the right conditions at home before they can take their animal home.

Mr Phillips is getting ready for a new addition to his family next month. Potion will be ready to go home after a check up at the vets and her injections.

Q5: When will Mr Phillips take his new cat home?

---

---
