

Mrs Madden's Class News

Friday 26th April 2024

This week we learned about 'St George and the Dragon'.

They particularly liked the part where George 'slayed' the dragon. The children recorded their ideas trying really hard to draw or write. They explored castles in block play and helped to build our own small world castle. The children have loved recreating their own knights and dragons play. Reception learned about the different parts of a castle and labelled a diagram. There have been opportunities for the children to make their own St George's flag, navigate the 'Bee Bot' floor robot around a castle mat and draw a castle using 'step by step' instructions.

We had lots of bubble play outside in the sunshine - when we had some sun! In our PE lesson, we played 'Watch out, Fox is about!' following a child playing it at Scouts - Squirrels' the previous day.

Have a wonderful weekend and we'll see you next week!

Mrs Madden 😊
