

## Mrs Madden's Class News

Friday 21<sup>st</sup> June 2024

This week we read the 'The Lighthouse Keeper's Lunch', the children thought the seagulls were very sneaky stealing Mr Grinling's lunch! The children did some super lighthouse work and some very impressive writing and number work.

It was all smiles on Tuesday for the class photo, I'm sure it'll be super cute!

Forest School - The children were on the look out for dragons this week! They made potions and hid from the dragon when they heard him roar by running into the den – let's not even talk about the dragon snot Mr Smith has to clear up each day! Ewww! Mr Smith is thoroughly enjoying the sessions with EYFS as they are so enthusiastic and listen so well – how lovely.

Our transition days were very successful, we welcomed some lovely new EYFS children and I'm so proud of how welcoming our existing children were to them all. As for the Reception children moving to Year One – they were just fabulous. I had a sneaky peak at them doing their work and I'm pleased to report they were doing a great job! I was lovely that they all came to say hello to me when we were outside.

Next week we will continue our 'Lighthouse Keeper's' work. EYFS Learn with Me (Science) – Friday 28<sup>th</sup> June 9:00am  
Have a lovely weekend!

Mrs Madden 😊
